 <https://github.com/DHUSHYANDAN>

Passionate about developing scalable and efficient applications with a focus on user experience. Seeking an entry level role to contribute to dynamic teams and further develop my technical skills.

PROJECT

1. Biographical Data Form Validation

Developed a JavaScript form validation script for biographical data, ensuring all inputs meet required criteria before submission. **Live Demo :** <https://dhushyandan.github.io/BioDATA/>

2. Parallax Website

Created a website with a parallax effect, giving the illusion of depth by making the background move slower than the foreground. **Live Demo :** <https://dhushyandan.github.io/parallax/>

3. Netflix Clone Project

Built a four-page website with a home and sign-in page, modeled after Netflix's layout, using HTML and CSS.

Live Demo: https://dhushyandan.github.io/Netflix_model_project/

4. My Campus Hub

Overview of my college developed with JWT-based authentication and protected routes using Express.js, Node.js, MongoDB, and EJS. **Live Demo :** <https://admission-portal-zgny.onrender.com/>

5. Mern Crud Application

Built a full-stack CRUD app with React, Node.js, Express.js, and MongoDB, enabling users to create, read, update, and delete profiles. **Live Demo :** <https://mern-crud-dhushyu-app.vercel.app>

EDUCATION

- Master of Computer Applications Anna University | 2023-2025
- Bachelor of Computer Science Madras University | 2020-2023 | CGPA: 8.1

SKILLS
